Sharanda Mozart

Dear Sir:

This paper is filed in response to the non-final Office Action that was mailed October 3, 2005. Please enter the following amendments to the claims, if any, and remarks without prejudice as to patentability, including the doctrine of equivalents.

Claims 2, 4, 5, 9, 11-13, 16, 19-25, 32-38, 40, 44, 46-48, 58-64, 72, 77, 80, 82, 84-86, 94-106 and 108-114 are pending in this application. Of the above claims, claims 58-64, 72, 77, 80, 82, 84-86, 94-106 and 108-113 are withdrawn from consideration. A copy of all claims, including those not pending in the current application, is shown below. Claim 19 is amended in view of the Examiner's objection that the claim depends from cancelled claim 1 in addition to claim 2. Claim 38 is also amended. Claim 114 is amended in accordance with Examiner's

suggestion to clarify the claim with the word "making". No other amendments are made to existing claims. The specification is amended on page 27 to correct a typographical error noted by the Examiner, namely, the units of temperature.
